

BEHAVIORAL AGREEMENT

Graduating Student Agreement for Participation in the University of Arizona Commencement Ceremony

Commencement is intended to be a festive occasion celebrating the accomplishments of our students. However, it is also ceremonial. Students are expected to act with appropriate behavior.

By participating in the May 16, 2015 commencement ceremony you agree to observe the following guidelines:

- Participants in the ceremony who violate [student code of conduct](#) policies, in particular, prohibited conduct, will be removed from the ceremony.
- Participants violating state or local laws will be removed from the ceremony.
- Additional inappropriate behaviors include:
 - o attending the ceremony under the influence of alcohol
 - o wandering around the floor of the stadium and visiting with guests in the stands
 - o not wearing appropriate cap and gown during the ceremony
 - o Bringing objects into the stadium to be thrown, make noise, or cause distraction
- Cell phones are permitted, but out of courtesy for other participants, students are asked to make judicious use of phones and other electronics
- Participants must follow all [Arizona Stadium guidelines](#)

It is particularly important that students respect their fellow students and the faculty, administrators and guests who have come to witness and participate in the conferring of their degrees.
